College of Remote and Offshore Medicine Foundation

Module Description

Academic Year	2021-2022
Module Code	RPP202
Module Title	RPP202 Advanced Concepts in Tropical and Austere Medicine
Module instructor Lead	Rhod Jordan
Contact email	education@corom.edu.mt
Faculty	School of Undergraduate Studies
MQF Level	6
Credit Value	ECTS: 10
Hours of Learning	250 hours
Mode of Delivery	Distance Learning
Mode of Study	Directed self-study through online materials
Language of Study	English
Pre-Requisites	None
Accreditation	Malta Further and Higher Education Authority
Maximum Students	12
Duration	1 semester
Target Audience	
This module is aimed for health science students and current health professionals wanting to gain a broader understanding of the practice of healthcare in remote, austere and resource-limited environments.	
Module Description	
This module aims to expand on the concepts of tropical medicine and providing medical care in remote and austere conditions. It will expand the basic topics found in the top ten infectious diseases found in tropical regions and expands to cover various treatments and procedures for assessment.	
Module Content	
This module provides 198 hours of online guided learning under the tutelage of our paramedic instructors focusing on the practice of healthcare in tropical environments. There are three one hour proctored online exams. There are physician lead case studies with periodic reflective practice essays that must be submitted to our tutors. There are periodic online proctored exams that must be passed at 70% or higher.	

College of Remote and Offshore Medicine Foundation
